

Island of Rhodes

Home of castles, cults and gods
A serene nymphacum-like land
Rhodes is a Helio-centric island
That's become an innately hedonic brand.

You've initiated the chosen ones
To the delightful Dionysian mysteries.
You are a characterized maritime power
Influencing Mediterranean history.

It's la dolce vita here and now
In this slice of earthly paradise
With perfume-like air and flirty ladies
A garden for those with three Eyes.
