

# *Thus Spake Zoroaster*

*I met the anthropological forecaster,  
'The Renaissance is ahead of us' - he said -  
'For us, no more chaos or disaster.'  
Thus spake the grand Zoroaster.*

*'As a meta-luxury craftsman' - he said -  
'We must go slower and not faster  
To prolong the tradition of grand masters.'  
Thus spake the great Zoroaster.*
