

# Rituals at Château de St. Roch

Inside the artful Château de St. Roch  
We welcomed those to be soon initiated  
To reveal them how the depths of cultures  
Can and will be appreciated.

As in the Humanists' Dream schools  
We spoke in the hidden language of birds  
Of falcons, of owls and of eagles  
Channeling the proto-source, the inner and the Regal.

For actual freedom through awareness  
And through cultural illumination  
Freedom of choice, thought and flight  
In a historical environment of beauty and delight!
